

**DEAF INTERPRETER-HEARING INTERPRETER TEAMS**

**Unit 2 Student Activity: Enhancing comprehension with a DI**

The goal of this activity is for students to experience the how a DI can enhance comprehension of an ASL source and in doing so, achieve a more accurate interpretation.

**Directions:**

1. Turn the volume on the computer off
2. View the video on:  
<http://www.interpretereducation.org/di-hi-teams/unit-2-case-for-di-hi-team/>
3. Begin watching at counter # 7:47
4. Watch the Deaf consumer's source message, then pause the film and respond to questions regarding the content viewed. If you cannot answer the question/s leave it blank.
5. Re-start the clip and watch the DI's interpretation of that same source message.
6. At the completion of the DI's interpretation, stop the clip and refer back to the comprehension questions just answered.
7. Review the original responses accuracy and make any changes.

Counter numbers have been provided to help align the source content and interpretation with the comprehension questions.

**Scenario Description:**

This clip is a staged scene where a female Deaf consumer is meeting with a counselor to discuss a problem she is having with her boyfriend. Only a portion of the actual clip will be used.

Begin watching the scenario at counter number 7:47

-----
